Shakespeare On Tour is a program of The San Francisco Shakespeare Festival, whose mission is to make the words and themes of Shakespeare accessible to everyone, regardless of age, ethnicity, financial status, or level of education. The tour will visit over 150 locations throughout California from October 2009 through March 2010. To assist busy teachers in presenting *Hamlet*, the tour also makes available a curriculum packet of three weeks of lesson plans designed to meet state standards.
